
Backup Smart Crack (LifeTime) Activation Code [32|64bit]

Backup Smart Product Key is an easy-to-use tool which was created to help you to automatically keep all your websites safely stored on your computer by creating backups. Clean and intuitive layout For the program to work, it requires you to have Adobe Air on the computer. Once installed, you need to create a free account on the developer's site to register and access the application. It offers a simple and modern interface, divided in two distinct panels, one that shows the tasks and the other that reveals all the necessary information about the backup jobs. Create and run backup tasks When creating a new task, you need to fill in all the required information, such as name, a domain link, and a control panel from where you can choose a different type (e.g. Cpanel, Site5, BlueHost). Moreover, you have to input a username and a password, the number of archives you want to split the backup job into, along with a save path for the new files. Schedule backup jobs and send email alerts It's possible to create and clone multiple backup tasks, as well as to run them one by one or all at once. You can view the progress of each job in the "Status" tab, where you have the option to copy the event logs. In "Settings" you can ask the program to run automatically on Windows login, start minimized, or disable warning messages. Plus, you can set the scheduler task time and configure SMTP settings for sending email notifications automatically. 3.45 *Save 25% on your next purchase* *Safe Payment Guarantee* Let's be honest. Downloading software is pain in the butt and the results can be unpredictable. What If We Say we'll Build You a Proven Software That Works for You Every Time. Download the software, start using it and your time spent on research and trial and error will be a thing of the past. We're Right Here for You Fast and Free technical support provided directly to you via Ticketing System.
