XML-based structured authoring is a huge plus for everyone who writes structured content. - Jeff B. from I have been a long-time FrameMaker user; many on-line resources have expressed their discontent with the program over the years. I never thought I would see the day when a major software vendor would compete with itself, but here we are! The competition has been a long time coming, but I have to admit that the only reason I'm still using FrameMaker is because of Intentional Software.
